At **AtherFX**, our Trading Portfolio offerings provide a range of options to suit different Trading Fund preferences and objectives.

Plan A :

With a specified initial IBTrading fund, Fund owner are eligible for a full 100% return of their principal upon exiting the active portfolio. Additionally, the user will earn a minimum 4% Trading Profits every month. However, the principal will be returned at once after completion of the minimum duration of 6 months.

Be a professional Forex trader with **AtherFX**. Trade Forex with the goal of making a profit.

Plan B :

This package allows you to potentially Profits up to 300% of your IB Personal Fund as return. Though the package doesn't have a fixed timeframe; it will be closed once you've Profits reach 300% on that particular IB Personal Fund. Besides that, the user will get a minimum 10% Trading Profits, which is a combination of principal and return.

Business Plan Overview:

One of the highlights of **AtherFX** is the investor-centric Trading business plan that ensures your success is aligned with ours.

Here's how It works:

PAMM

Our platform follows PAMM management, a form of pooled-money forex trading. We offer Forex broker/ forex brokerage firms the opportunity to manage multiple forex trading accounts using their capital to generate profits.

50% Profit Distribution:

50% of the total Trade profit generated by the Forex broker/ forex brokerage firm will be distributed to all the other IB Trading fund

owners under that Forex broker/ forex brokerage firm. The distribution will be fairly divided among all the other IB Fund Owner as per their Trading Fund.

40% Profit Distribution to all affiliates:

A profit distribution of 40% is allocated to affiliators as part of the compensation structure. By offering this percentage of profit, AtherFX acknowledges the importance of the affiliators' contributions and encourages their active participation. Here is the 40% profit distribution divided as

IB Commission

A dynamic 10-level commission structure that rewards your efforts in building a strong IB network. With each level representing a 53% Reward on Daily Trading Profits from your team, your potential for earning is substantial.

If you successfully meet the Complete conditions you unlock commissions across all 10 levels.

IB COMMISION RULES Follow by Terms & Conditions:

Personal Fund Trading Profits By PAMM Account as :

- 1) With a specified initial IB Trading fund, Fund owner are eligible for a full 100% return of their principal upon exiting the active portfolio. Additionally, the user will earn a minimum 4% Trading Profits every month. However, the principal will be returned at once after completion of the minimum duration of 6 months.
- 2) This package allows you to potentially Profits up to 300% of your IB Personal Fund as example. Though the package doesn't have a fixed timeframe; it will be closed once you've Profits reach 300% on that particular IB Personal Fund. Besides that, the user will get a minimum 10% Trading Profits, which is a combination of principal and return.

Personal Fund Trading Profits By PAMM Account as per :
